

Foundation

ences, with a keen focus on nurturing the next generation of leaders. Central to our mission is the recognition that young scientists and trainees are the driving force behind advancements in science and technology.

Established with a vision for empowering emerging talents, the IETS Foundation ensures sustained sup-

The **IETS Foundation** is dedicated to fostering innovation, research, and educational initiatives in the dynamic fields of embryo technologies, reproductive biology, and biomedical sci-

port for trainee programs and educational endeavors. We aim to empower young scientists to become leaders by providing opportunities for international exposure and professional development in embryo technologies.

The Foundation continually seeks to expand its impact by increasing endowed funds for specific projects and educational programs, recognizing that the future success of the IETS hinges on the active engagement and participation of emerging talents in our community. Your support is vital in enabling us to fulfill our mission. Contributions to the IETS Foundation are tax deductible and directly contribute to the successful advancement of scientific research and education.

IETS Foundation Awards and Travel Programs

Access to travel for the annual IETS meeting is an important resource for undergraduate, graduate, or postdoctoral trainees to gain exposure to cutting-edge science, network with researchers, and present their own data and ideas.

The IETS Foundation offers several opportunities to support trainees while elevating your business profile to the IETS membership community. A donation to one of these scholarships supports a trainee, selected on your behalf by the Foundation through a competitive peer-review process, to present their data at the annual meeting. **Your donation to one of the programs below will provide funds for meeting registration, travel, lodging, and an award stipend:**

- Avantea Foundation Graduate Student Research Competition
- CSIRO Undergraduate Poster Competition
- RFD Best Poster Competition
- Bob Walls Achievement Award
- Peter W. Farin Trainee Travel Scholarship
- Richard Fayer-Hosken Partner Society Travel Fund

Your support will make a difference, and together we can make a lasting impact on the world's animal sources, embryo technology, and our shared future. Join our list of donors today!

Donor Recognition & Impact of your Donation

IETS Foundation wants to show appreciation to our donors for their generous contributions of our trainee and student programs. All donors will be recognized for their support as follows:

All Donors Receive (Below)	\$7,500 Donation	\$5,000 Donation	\$3,000 Donation	\$1,000 Donation
Recognition on the IETS Foundation website	supports six graduate students to travel and attend the 2027 Annual Conference and the awards for the finalists.	supports five recipients for the Peter Farin Travel Award.	supports three undergraduate students to travel and participate in the poster competition.	supports one recipient of the Richard Fayer-Hosken Partner Society Travel Fund.
Recognition in the IETS newsletter				
Recognition at the IETS 2027 Annual Conference				
Recognition on social media platforms				
Recognition during award presentation at the 2027 Annual Conference				
Invitation to the Student Competition Presenters' Breakfast				
Recognition in a press release				

* There are many sponsorship opportunities available to fit any price range. For additional ways to support the Foundation, please contact IETS Executive Secretary **Olivia Christopher**.

The goal of this donation opportunity is not only to provide the means for an early career scientist to attend the annual meeting, but also to provide a pathway for your company or organization to gain exposure to the upcoming leaders of the embryo technologies community.

Looking for ways to get in front of the IETS audience throughout the year?
We have educational webinars available!

Get your company and message in front of our audience!

Educational Webinars

The IETS Foundation presents an excellent avenue for maintaining engagement among our members, your clientele, and the wider scientific community throughout the year, complementing our annual IETS conferences. **Our webinars provide an effortless, yet impactful, way for your company to contribute to knowledge dissemination.**

\$5,000 USD Sponsorship

The IETS Foundation hosts webinars on topics of international interest related to embryo technologies. These webinars are provided as open access educational opportunities to encourage international attendance and accommodate a broad audience to include clinicians, academics, researchers, industry professionals, veterinary medicine, and human medical scientists. Presentations are geared towards multiple species, including bovine, porcine, and equine, with a focus on emerging technologies with translatable information that spans livestock, endangered species, and human biomedical sciences.

Webinars are open access, presented in real time, and include audience interaction with Q&A sessions that promote dialogue and healthy discussion. The IETS Foundation-supported webinars will be stored on the IETS website for IETS members to access. For maximum exposure for your company, the webinar description and your logo will remain visible to everyone.

Sponsors of these webinars benefit in many ways, including

- Recognition of support throughout the webinar
- Logo on webinar communication social media and email
- Logo background for the sponsored event
- Sponsor acknowledgment in the IETS Foundation Report
- Linked logo next to recorded webinar on the IETS Foundation website
- A one-minute promotional spot for your company

This sponsorship offers your company visibility within the global scientific community, as well as a platform to demonstrate commitment to advancements in animal reproduction and related sciences.

Have a specific idea, special request, or educational initiative you would like to share? We are open to your suggestions! Please reach out to IETS Foundation secretary **Olivia Christopher**.
