

Approved Changes to the Morulas Student Group Executive Committee

October 2012 the IETS Board of Governors approved the four proposed changes to format for the Morulas Executive Committee.

1. The organization for the newly titled “Morulas Board of Governors” will consist of three elected officials. Two shall be elected as “Governors” and one shall be elected as “President”.
2. All three members will share in the responsibilities previously allocated to specific members of the executive committee. Details on responsibilities can be found at the following web page:
<http://www.iets.org/student.asp>
3. All members will serve for two years.
4. Elections for the Governors shall alternate every year with elections for President so that at any given year, at least one member on the Board will have experience planning for annual meeting events.

Elections held in 2012 will bring into office two new Governors and the elections in 2013 will establish a new President.
